Words and Deeds.

An eminent Methodist bishop was advocating a more liberal
loosening of the purse-strains, and during a sermon one day told his
congregation that at one time he
wrote an article to a paper in which he said: "We pray too loud and
work too little."

The intelligent compositor did a
most satisfactory job, and when it
appeared he read:

"We pray too loud and work too
little."

"I let it go at that," said the
bishop. "The fact is, I believe the
writer was right, and I never ventur-
ed to correct him."—In National-
al Monthly.

October will be marked in Albu-
querque by the greatest assemblages
of Masons ever held in New Mexico.
Every Masonic body in the state, in-
cluding the Eastern Star, the female
auxiliary of the order, will hold
state meetings here.

As has already been noted, Balut
Abiad Temple, Mystic Shrine, will
hold a big session here October 5,
at which time Ill. Noble Fred R.
Smith, imperial potestate; Ill. Noble
J. Putman Stevens, deputy imperial
potestate; Ill. Noble Henry Neidhardt,
imperial chief rabban, and Ill. Noble
William S. Brown, imperial
treasurer, and their party will be
present.

There will be a short lull after
that excitement, and then will come
Masonic week, beginning October 19.
On October 19, 20 and 21 the New
Mexico jurisdiction of the Blue
Lodge will be in session. The Royal
Arch Masons will meet in state ses-
sion on October 22. The Knights
Templar grand meeting will be on
October 23 and the Order of the
Eastern Star will meet October 24.

Masons from all over the state will
attend the different meetings. It is
a bit too early yet for programs of
the various meetings, but it is ex-
pected that the sessions will be the
most noteworthy in the history of
Masonry in New Mexico.

Ample and hearty goings will
mark the ceremonial session of Balut
Abiad Temple October 5, to which
Shriners from every nook and cranny
of the state are expected to flock.
The visit of the imperial officers
will make it the most important
occasion in the history of Balut
Abiad and the Shrine in New Mexico,
and the nobles will extend them-
selves to hit the bullseye at every
shot in the campaign of celebration
and entertainment. October 5 falls
in the middle of fair week, far and
away the best possible time for the
sort of shrine session planned.

The imperial officers are coming
here on their way from the cere-
monial Shrine session at the bottom
of the Grand Canyon. There are a
number of local Shriners who would
like to attend that session at the
Canyon bottom, but it falls on an
inconvenient date. The active mem-
bers of Balut Abiad are anxious to
be on the job in preparing for the
session here, and to go to the Can-
yon for the doings there on the 6th
would leave them no time to help
finally line up things here for the
7th. The indications are that, if any,
of the local Shriners will go to the
Canyon.

\$100 REWARD, \$100

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages, and
that is Cataract. Hall's Cataract Cure
is the only positive cure now known
to the medical fraternity. Cataract being
a constitutional disease, requires a
constitutional treatment. Hall's
Cataract Cure is taken internally, acting
directly upon the blood and mucus
surfaces of the system, thereby
destroying the foundation of the dis-
ease, and giving the patient strength
by building up the constitution and
assisting nature in doing its work.
The proprietors have so much faith in
its curative powers that they offer One
Hundred Dollars for any case that
it fails to cure. Send for list of
testimonials.
